

TI^ME^S TA^BLE^S RO^CKS^TAR^S

Goal

When it comes to times tables, speed AND accuracy are important – the more facts your child remembers, the easier it is for them to do harder calculations.

Times Table Rock Stars is a fun and challenging programme designed to help students master the times tables!

To be a Times Table Rock Star you need to answer any multiplication fact up to 12×12 in less than 3 seconds!

Logging in to Times Tables Rock Stars

1

Type **play.ttrockstars.com** into your browser's address bar.

2

Click Login! > School > Student

3

Enter the School Name.

A screenshot of a web browser showing a purple 'Login' button at the top. Below it is a text input field with a placeholder 'School, family or organisation *' and a small house icon to its left.

4

Enter your child's username and password.

A screenshot of a web browser showing a login form. It has two text input fields: the first is labeled 'Username *' with a person icon and the second is labeled 'Password *' with a lock icon. To the right of the password field is an 'eye' icon for password visibility. Below the fields is a large grey 'Login' button.

Game Modes

Single Player

Garage - The questions will only come from the times tables the teacher has set for the week. It will include multiplication and division questions.

As pupils start to answer questions, TT Rock Stars works out which facts they take longer on and will give them more of these questions to answer. The Garage is best for getting quicker at a few facts. Players get 10 coins per question.

Studio - The questions in the Studio can be anything from 1×1 up to 12×12 . TT Rock Stars calculates the mean response time from their last 10 games in the Studio and translates that time into a Rock Status.

≤ 1 sec per question = **Rock Hero**

≤ 2 secs per question = **Rock Legend**

≤ 3 secs per question = **Rock Star**

≤ 4 secs per question = **Headliner**

≤ 5 secs per question = **Support Act**

≤ 6 secs per question = **Breakthrough Artist**

≤ 7 secs per question = **Unsigned Act**

≤ 8 secs per question = **Gigger**

≤ 9 secs per question = **Busker**

≤ 10 secs per question = **Garage Rocker**

10 secs per question = **Wannabe**

If you don't play in the Studio you don't get a Rock Status.

Players earn 1 coin per question and the Studio is the place for them to set their best time across all the tables.

Soundcheck – When you play Soundcheck, you get 20 questions each with a 5-second time limit. The questions are multiplication only and evenly weighted in terms of difficulty each time you play. Players earn 5 coins per correct answer.

Multiplayer

Rock Arena - The Arena allows players to compete against all other members of their Band (their Bandmates would need to join the same game in order to compete together).

A new Arena game starts every 15 seconds and once the clock starts they race to answer more questions than the others. In the Arena, questions will only come from the times tables the teacher has set for the week, similar to the Garage. They earn 1 coin per correct answer.

Rock Festival - The Rock Festival games are open to players from around the world. Like the Arena, there is no limit to the number of players who can join a game; however, unlike the Arena, questions are selected at random from 1×1 to 12×12 .

Pupils might choose the Rock Festival if they were playing at home (and therefore couldn't easily synchronise playing against a classmate) or wanted to compete against others not in their Band. They earn 1 coin per correct answer.

Rock Slam

In this section your child can challenge another child or teacher at Days Lane Primary School. Your child will have 1 minute to answer as many times table questions correctly. The questions given can be anything from 1×1 up to 12×12 . Simply select the opponent's name and click on '**Start Challenge**'.

Stats

If you click on your avatar icon in the top right of the screen and then click '**My Stats**', a heatmap like the one below will load. It shows how successful your child is at each of the facts.

Please note, that your child's teacher has already set up a times tables schedule for them. This will include consolidating existing times tables that they know and gradually introducing new times tables over the course of the summer term.
